Here is a description of the process on the Super Shuttle site. It's not complicated but the site does require the information from you in the left column (which is blue on the site) to reserve the shuttle trip. On the Super Shuttle page that looks something like this follow these steps;

- On the left hand side in the blue section, fill in the type of trip you want for example, round trip from the airport.
- Key in San Diego airport (SAN) for short.
- Select hotel/landmark.
- Key in how many passengers.
- The next section with the code is already filled in on the form for you for the EFCA (BWYUX in case it doesn't show)

Then hit next.

- Key in Town and Country
- Select the Town and Country and the \$20 option for the EFCA Leadership Conference should pop up.

... of getting to and from the airport. Now with Super Shuttle you can get to and from the airport with ease.

Book your door-to-door reservation by phone or online today.
